

SCBA Meeting Minutes  
Meeting Date 18 October 2018

Meeting was called to order at 1901.

September minutes were discussed and approved, Speich and Mansfield motioned, followed by unanimous approval.

Joe updated us on the FEMA situation. He will email FEMA to elaborate on the quote process concerning the matching 5% AVFD funds. We will await for confirmation and the preferred documentation before we update and request new quotes to reflect the matching funds.

Joe also updated us on the Bracket changeover for the apparatus.

Chief Trick updated the committee concerning the inserts for the MSA masks. The eye insert sample never arrived, and once they do, we will see what is interchangeable. The initial cost will come from the SCBA funds and any subsequent inserts will be deducted from the Health and Safety budget. I will contact Dr Corrado to ensure his budget is reflective of the subsequent purchases and not the initial purchases.

Frank updated the committee on the Identifire quote. We will go with labels for the masks only and use the same label system we currently use.

The purchase agreement will be finalized once Joe hears back from FEMA. We anticipate a sign date of November 1

The roll out will be MSA presentation to the officers and SCBA committee members on a Officer meeting evening and then rollout will be to individual companies.

The next meeting is Thursday December 13 2018, location TBD
